

# Visitors

I \_\_\_\_\_, a visitor at Cleary Lake Veterinary Hospital understand that there are many hazards in this facility. The known hazards have been explained to me and I understand the explanation given to me. The hazards are as follows:

- Gas Anesthetic (Isoflurane & Halothane)
- Ethylene oxide for gas sterilizing
- Hazardous chemicals
- Infectious Waste
- X-ray radiation

Should other hazards arise in the duties asked of me I will be informed of them prior to these duties. I agree that safety is a very important issue to be aware of during my duties here and agree to use all safety equipment and precautions to keep the staff and myself safe.

Although we understand that your personal life should be kept private, there are many dangers in the clinic which could affect the reproductive system. If you are trying to have children or are planning to have children in the near future, there are many extra precautions we would like to inform you of. Please take extra care to read labels and precautions and see the safety officer about specific hazards to avoid.

At this time, I am not pregnant, but should I become aware or suspect a possible pregnancy, I will alert the appropriate personnel immediately. I understand that this is necessary for the safety of the fetus as well as my own safety. I understand that in the event of a suspected pregnancy, Cleary Lake Veterinary Hospital has the right to ask me not to return to my duties until I have been seen by a physician and have acquired written permission to return to my duties.
